Low-pressure sodium lamps - SOX							
SOX 18	4050300015569	18	1800	BY22d	54	216	12
SOX 35	4050300015514	35	4600	BY22d	54	311	12
SOX 55	4050300015521	55	8100	BY22d	54	425	12
SOX 90	4050300015538	90	13500	BY22d	68	528	12
SOX 135	4050300015545	135	22500	BY22d	68	775	12
SOX 180	4050300015552	180	32000	BY22d	68	1120	6

SOX low-pressure sodium lamps have a luminous efficacy of up to 178 lm/W.

Applications

- Lighting for arterial roads and motorways, tunnels, canals and locks

Benefit

- The emitted light has a monochromatic yellow color (sodium line 590 nm) for high-contrast visibility in mist and fog.

Comments

Color perception not possible

SOX-E

SOX-E lamps, in combination with optimised hybrid control gear, achieve luminous efficacies of up to 200 lm/W, the highest figure of any lamp.
