

HG1004

Electromagnetic Relay

NSN 5945-00-500-9078

Technical Specifications of NSN

Overall Length:	<i>3.196 inches</i>
Overall Diameter:	<i>1.312 inches</i>
Environmental Protection:	<i>Hermetic</i>
Winding Quantity:	<i>1</i>
Winding Dc Resistance Rating:	<i>90.0 ohms single winding and 710.0 ohms single winding</i>
Duty Type:	<i>Continuous</i>
Mounting Facility Type And Quantity:	<i>1 plug-in terminal single mounting facility</i>
Nonpile-up Main Contact Arrangement:	<i>1 pole, single throw, normally open, momentary action and 1 pole, double throw, one position momentary</i>
Operating Current Rating And Type:	<i>2.0 milliamperes dc single winding</i>
Main Contact Load Current Rating At Maximum Rated Voltage:	<i>5.0 amperes ac resistive load</i>
Main Contact Maximum Voltage Rating In Volts:	<i>50.0 ac</i>
Terminal Type And Quantity:	<i>7 pin all functions</i>
