

ULTRA VITALUX 400 W E40

SUPRATEC HTC/HTT | Ultraviolet lamps

Areas of application

- Curing large areas of plastic
- Drying paint and varnishes
- Glue curing
- Exposure of diazo film material and print masters
- Artificial material aging
- Fluorescence excitation (with black glass filters)
- Curing large areas of plastic

Product features

- SUPRATEC UV high pressure lamps for technical applications

Product datasheet

Technical data

Electrical data

Nominal wattage	400.00 W
-----------------	----------

Dimensions & weight

Diameter	120.0 mm
Length	290.0 mm
Light center length (LCL)	150.0 mm

Lifespan

Lifespan	1000 h
----------	--------

Additional product data

Base (standard designation)	E40
-----------------------------	-----

Capabilities

Burning position	hs30
------------------	------

Country specific categorizations

Order reference	HQA 400W E40
-----------------	--------------

Product datasheet

Attention

SUPRATEC lamps emit UV radiation of high intensity which can cause sunburn and conjunctivitis. Skin or eyes must not be exposed to direct or reflected unfiltered radiation! Operate in closed fixtures only.
